

Metamora Hunt Fall Hunter Pace 2022

The results are in and the event was declared a success - Metamora Hunt 1, Rain 0!
(Whoever did the no-rain dance, it is greatly appreciated.)

Our gracious landowners went above and beyond. They not only offered their land, but they mowed, trail trimmed and basically put up with us crawling all over their property for the last month while we got lost so you wouldn't.

Our volunteers are second to none. With impending bad weather, no one flinched. They showed up smiling prepared to have a great day and smooth event. And it was. Many wonderful moments captured photographically by Peter Gillis and Nathan Jerome.

And finally, our riders who faithfully come out to support the Metamora Hunt and enjoy our beautiful countryside and a little taste of our sport.

A HEARTFELT THANK-YOU TO YOU ALL.

All of our riders chose to enter the Optimum Time Class. Optimum Time was fixed on Tuesday September 20 by Judy Evans and Joe Maday, two very seasoned fox-hunters. Their time around the course with simulated sherry-stops was 1 Hour 29 Minutes 47 Seconds. The teams with times closest to Optimum Time are as follows;

1st Place: 1:29 Teri Simon, Sheri Dhillon, Carmen Piana and Sonja Piana

2nd Place: 1:32 Jerry Malone and Laura Hagen

3rd Place: 1:34 Madison Sparks, Ashlynn Sparks, Bri Ducharme and Emily Fuller

4th Place: 1:35 Debra Reiber, Christie Jussila and Tara Yenson-Forstner

5th Place: 1:37 Kristen Cook, Jasmine Pataca and Lennox Pataca

6th Place: 1:38 Doug Weir and Michele Morris

6th Place: 1:38 Bri Reis, McKenzie Reed and Angelina Smith

Congratulations to everyone. Ribbons will be mailed to Team Leads. We hope to see you again next year or at another Hunt event.
